

YEÇED's Protection Expertise Areas

Implemented July 2025| Version 1.1

1. **Child Protection**

Identification and referral of at-risk children; prevention of abuse, neglect, and exploitation; provision of child-friendly case management and protection services.

2. **Psychosocial Support (PSS)**

Group and individual-based psychosocial support activities that help children develop emotional regulation, resilience, and coping strategies, especially in crisis contexts.

3. **Child Participation**

Ensuring children's active involvement in decision-making processes through safe and inclusive platforms such as children's clubs, councils, and creative expression workshops.

4. **Access to Education & Safe Learning Environments**

Support programs for children facing barriers to education; promotion of trauma-sensitive school environments; capacity-building for teachers and school staff.

5. **Community-Based Child Protection**

Strengthening protective mechanisms within communities through awareness-raising, capacity-building, and local child protection structures involving families and local actors.

6. **Emergency Child Protection**

Rapid response to protect children in emergencies such as natural disasters, displacement, or conflict; establishment of safe spaces and provision of psychological first aid.
